I am a conscientious and purpose-driven leader experienced in connecting learners and communities with the resources needed to reach their positive potential.

PROFESSIONAL ACCOMPLISHMENTS

Leadership

- Formulated and recommended mission-aligned standards and policies in partnership with school leaders to improve programs and optimize systems.
- Guided academic and operational decisions through the creation of a mission-centered scope and sequence as well as a fiscally-responsible budget.
- Led and served on several committees responsible for overseeing the hiring process, establishing learning standards, administering student discipline, and supporting reaccreditation.
- Successfully mentored new teachers by leading workshops, conducting observations, offering directive feedback, and providing professional and socio-emotional support.
- Supervised and advised multiple academic teams and departments leading to a significant increase in morale, participation, and productivity.

Teaching & Coaching

- Designed and implemented culturally-rich and learner-driven curriculum, assemblies, and community activities.
- Established a 15-year career in history and social science developing, redesigning, and teaching interactive curriculum for grades 7-12.
- As an advisor, supported student growth through weekly meetings, one-on-one guidance, and a robust student survey program.
- Dramatically improved the mentality, performance, and records of various sports programs by emphasizing sportsmanship, inclusivity, and skill development.
- Actively encouraged students to take risks, pursue their passions, and increase their cultural competence by sponsoring multiple student activities, clubs, and trips.

Collaboration & Communication

- Collaborated with admissions, communications, and programming to design and distribute digital publications.
- Consistently provided candid, learner-focused, solution-oriented feedback during team meetings, faculty gatherings, and all-school conversations.
- Developed strong connections with a diverse network of educators and leaders, through participation in seminars, conferences, and board retreats.
- In conjunction with the school administrators, spearheaded multiple initiatives and programs, to provide guidance and resources to families and community members.
